Index to subjects of articles abstracted, 1976

**Indicates that only the title is given*

Adenine arabinoside in herpes genitalis in men, *153
Adolescents, gonococcal arthritis-dermatitis in, *281
——, prevalence of *Mycoplasma hominis* and *Ureaplasma urealyticum* in urine of, *214
——, venereal disease in, *215
Adults, young, sexual activity and contraception in, *215
Amphotericin B, synergistic action with rifampicin on *Candida* species, *362
Ampicillin in granuloma inguinale, 153
Angina, herpetic, following orogenital exposure, 152
Ankylosing spondylitis, arthritis of, in HLA-27 genotype, *362
Antibiotics for genital tract infections, *217
——, low-level resistance to, by *N. gonorrhoeae*, 281 *bis*
——, single dose oral, in acute venereal urethritis in males, *217
Arthritis-dermatitis, gonococcal, in adolescents, *281
——, familial reactive, in HLA-27 genotype, *362
——, gonococcal, 148
——, ——, in pregnancy, *360
Australia antigen, susceptibility to presence of, *154

Bacteruria, asymptomatic, and bacteraemia due to NSU *Corynebacteria*, *286
Balanitis and mycoplasma, *364
——, circinate erosive, and HLA-27, antigen, *218
Bladder, condylomata acuminata of, *153
Blennorrhoea, inclusion, pneumonitis following, 214
Blood donors, asymptomatic, hepatitis B surface antigen and antibody in, *364
—— ——, Malaysian, seroreactivity to syphilis in, 359
—— groups, ABO, *N. gonorrhoeae* and, 360
—— transfusion service, VDRL test in, 212
Bone lesions in early congenital syphilis, 280

Candicidin in candidal vaginitis, *152
Candida albicans, *284
—— ——, filamentation in, *152
—— ——, germ tube formation of, *214
—— ——, selective interaction of *N. gonorrhoeae* and, *151
—— species, synergistic action of amphotericin B and rifampicin on, *362
Candidiasis, vaginal, *362
——, ——, candicidin in, *152
——, ——, digestive tract as source of infection in, 284
Cellulitis, streptococcal, of scrotum and penis with secondary skin gangrene, *218
Cervix, cancer of, herpesvirus and, *363
——, ——, herpes virus antibodies and, in Ibadan, 284
——, *Chlamydia trachomatis* infection of, 151
——, dysplasia of, chlamydial infection and, 283
——, ——, herpes virus, type 2 and, 214
——, syphilitic lesions of, intracellular *T. pallidum* in cells of, 147

Chlamydia, *152 *ter*, *214, 283
——, acute epididymitis due to, 360
——, diseases due to, *152
—— in non-gonococcal urethritis, 361
——, pharyngitis due to, 214
—— subgroup A, detection of, 361
—— in women with cervical dysplasia, 283
—— *psittaci*, 361
—— *trachomatis*, 213, 361
—— —— infection of the uterine cervix, 151
—— ——, isolation of, from the human genital tract, 213
College students, venereal disease prevention in, *363
Condylomata acuminata of the bladder, *153
Contraceptives, use of, in young adults, *215
Corynebacterium, NSU, infections due to, *286
—— *vaginale*, *217
—— ——, sensitivity to oleandomycin and spectinomycin, *217
Co-trimoxazole in chronic prostatitis, 217, *218
—— in gonorrhoea, *151 *bis*, *213, 282
——, *in vitro* susceptibility of *N. gonorrhoeae* to, *282
Cytomegalovirus, 215, *217
—— in semen, 215

Dermatitis due to idoxuridine, 286
Dexamethasone dermo-jet injection in Peyronie's disease, 285
Dimetridazole, mutagenic action of, 217

Epididymitis, acute, due to *Chlamydia* infection, 360
Escherichia coli urinary infection in a newborn infant, *214

Family Planning Clinic, incidence of gonorrhoea in, *149
Fauces, gonorrhoea of, 213
Fertility, human, mycoplasmas in, *214
FTA-ABS test, 146, 212
—— ——, false positive, in pregnancy, 147
—— (IgM) test in neonatal congenital syphilis, 147 *bis*

Genital tract, female, anaerobic infections of, 154
—— ——, ——, group B streptococci in, 363
—— ——, infections of, antibiotics for, *217
—— ——, lower, in pregancy, 153 *bis*
Gonococcus, arthritis due to, 148
——, —— due to, in pregnancy, *360
——, arthritis-dermatitis due to, in adolescents, *281
——, disseminated infection due to, from an intrauterine device, *360
——, —— —— ——, treatment of, 151
——, experimental infection due to, *360
——, infection due to, *150 *ter*
——, ophthalmia neonatorum due to, 149
——, prolonged septicaemia due to, circulating immune complexes in, 213

——, tenosynovitis due to, *360
—— in tissue culture cells, *282 *bis*
Gonorrhoea, asymptomatic, *149, 281, *360
——, co-trimoxazole in, *151 *bis*, *213, 282
——, evaluation of control efforts in, *363

Thrush, inveterate vaginal, *284
Trachoma organisms, 152, 283
T. pallidum, immobilizing activity of, *360 *bis*
—— infection, effect of macrophage activation on, *213
——, intracellular, in syphilitic lesions of the cervix, 147
——, Nichols strain, retention of motility of, *281, *360
——, virulent, carbon sources utilized by, *281
Treponeme outer envelope, chemical analysis of, *360
TRIC agents, Reiter's disease and, *362
T. vaginalis interaction with vaginal epithelium, *152
——, *in vitro* effect of metronidazole on, *362
——, ultrastructure of, *283, *362
—— urinary infection in a newborn infant, *214

Ureaplasma urealyticum, *362 *bis*
—— (T-strains) in adolescents' urine, *214
Urethra, bacterial flora of, in non-gonococcal urethritis, *152
Urethritis, Guillain-Barré syndrome following, 148
——, non-gonococcal, bacterial flora of urethra in, 152
——, ——, aetiology of, 151
——, ——, therapeutic response in *chlamydia*-positive and *chlamydia*-negative forms of, 361
——, non-specific, HL-A27 antigen and W10 in, 283
——, ——, treatment of, *362
——, venereal, *217
——, ——, acute, treatment of, *217
Urogenital tract, non-Neisserian oxidase-positive Gram-negative cocci in, 364

Vaccination against herpesviruses, *215 *bis*
VDRL test in a blood transfusion service, 212
—— ——, false-positive, after immunization, 360
Venereal disease clinic patients, problem-orientated approach to, *154
—— —— ——, University based, establishment of, *153 *bis*
—— —— in adolescents, *215
—— ——, computer interviewing and teaching of, *218
—— ——, hepatitis-B antigen in, *218
—— ——, knowledge evaluation instrument, *363
—— —— in New Zealand, *153
—— ——, personal prophylaxis for, *153
—— ——, prevention of, in College students, *363
—— —— in a War environment, *153
Vietnam, granuloma inguinale in, 153

War environment, venereal diseases in, *153

British Journal of Venereal Diseases

Edited for the Medical Society for the Study of Venereal Diseases

EDITOR R. N. Thin

ASSISTANT EDITORS J. D. Oriel (Abstracts), B. Evans

EDITORIAL COMMITTEE C. D. Alergant (PRESIDENT, M.S.S.V.D.), R. D. Catterall, E. M. C. Dunlop, T. Guthe, K. K. Holmes, R. S. Morton, C. S. Nicol, P. Rodin, C. B. S. Schofield (HON. SEC., M.S.S.V.D.), J. Thivolet, A. E. Wilkinson, R. R. Willcox, Editor of the *British Medical Journal*

TECHNICAL EDITOR Margaret C. Pitman

VOLUME 52, 1976

LONDON
BRITISH MEDICAL ASSOCIATION
TAVISTOCK SQUARE, WC1H 9JR

Contents

FEBRUARY 1976 Vol 52 No 1

Demonstration of extracellular material at the surface of pathogenic *T. pallidum* cells
J. A. Zeigler, A. M. Jones, R. H. Jones, and K. M. Kubica (USA) 1

Experimental syphilis vaccines in rabbits
I. Differential protection with an adjuvant spectrum
A. M. Jones, J. A. Zeigler, and R. H. Jones (USA) 9

Growth and subculture of pathogenic *T. pallidum* (Nichols strain) in BHK-21 cultured tissue cells
R. H. Jones, M. A. Finn, J. J. Thomas, and C. Folger (USA) 18

Gonococcal ribosomes as skin test antigens
I. Preliminary tests of sensitivity and specificity
W. L. Koostra, R. C. Judd, and R. E. Baker (USA) 24

Gonococcal ribosomes as skin test antigens
II. Precision of the method, attempts to identify the ribosomal antigen, and correlation with the macrophage migration inhibition test
R. C. Judd and W. L. Koostra (USA) 28

Direct immunofluorescent test for the detection of gonorrhoea
J. Klanica and M. Stejskalová (Czechoslovakia) 33

Reappraisal of Gram-staining and cultural techniques for the diagnosis of gonorrhoea in women
E. J. Chipperfield and R. D. Catterall (Gt Britain) 36

Detection of gonorrhoea in women
B. A. Evans (Gt Britain) 40

Minocycline hydrochloride (Minocin) as a single-dose oral treatment of uncomplicated gonorrhoea in men
G. Masterton and C. B. S. Schofield (Gt Britain) 43

Chlamydial infection of the male urethra
J. D. Oriel, P. Reeve, J. T. Wright, and J. Owen (Gt Britain) 46

Studies on ciliated epithelia of the human genital tract
I. Swelling of the cilia of Fallopian tube epithelium in organ cultres infected with *Mycoplasma hominis*
P.-A. Mårdh, L. Weström, C. von Mecklenburg, and E. Hammar (Sweden) 52

Study of female babies of women entering confinement with vaginal trichomoniasis
M. Bramley (Gt Britain) 58

Two-day treatment of trichomoniasis in the female. Comparison of metronidazole and nimorazole
M. J. Hayward and R. B. Roy (Gt Britain) 63

APRIL 1976 Vol 52 No 2

Bulletin of the International Union against the Venereal Diseases and Treponematoses 69

28th General Assembly, Malta, April, 1975
Session 1 : *STD among Tourists and Immigrant Workers*
Reappraisal of the problem of British mariners and STD *A. B. Cross and J. R. W. Harris* (Gt Britain) 71
Venereal disease among immigrant workers in Vienna *M. Littomericzky and A. Luger* (Austria) 78
Exchange of contact information between East Germany and other countries *G. Elste* (East Germany) 82
Gonorrhoea and foreign immigrants in Rotterdam *H. Verkleij* (Netherlands) 84
Session 2 : *Sex Education of the Public and of Doctors*
VD education in developing and developed countries *R. R. Willcox* (Gt Britain) 88
Medical manpower situation in the USA in relation to STD *The late B. Webster* (USA) 94
Education of physicians in STD in the UK *R. D. Catterall* (Gt Britain) 97
Education at school about STD *K. F. H. Hunger* (West Germany) 100
Role of the urban community hospital in gonorrhoea surveillance
R. C. Rendtorff, J. W. Curran, R. W. Chandler, S. Glassco, and L. Wiser (USA) 102

APRIL 1976 *continued*

Session 3: Role of the Practitioner, Public Health Officer, Dermatologist, and Other Specialists in the Teaching, Investigation, and Treatment of STD

The situation in the USA *J. M. Knox* (USA) 105

The situation in the EEC *H. Delune* (Belgium) 107

The situation in Eastern Europe *J. Towpik* (Poland) 110

The situation in Scandinavia *H. Schmidt* (Denmark) 113

Role of the medical auxiliary in the control of STD in a developing country *O. P. Arya and F. J. Bennett* (Tanzania) 116

Summing up of Session Three *A. Perdrup* (Denmark) 122

Session 4: Microbiological and serological research in Neisseria *infections*

Immune response to a purified cytoplasmic protein of *Neisseria gonorrhoeae* *J. B. G. Kwapinski, C. Cates, P. Landolfo, A. Cheng, and A. R. Ronald* (Canada) 124

Attachment of gonococci to sperm. Influence of physical and chemical factors *A. N. James, J. M. Knox, and R. P. Williams* (USA) 128

Scanning electron microscopy of *Neisseria gonorrhoeae* *T. Elmros, S. Normark, G. Sandström, and B. Winblad* (Sweden) 136

Cell envelope of *Neisseria gonorrhoeae* *H. Wolf-Watz, T. Elmros, S. Normark, and G. D. Bloom* (Sweden) 142

Abstracts 145

JUNE 1976 Vol 52 No 3

A 10-year study of homosexually transmitted infection *J. L. Fluker* (Gt Britain) 155

Some characteristics of homosexual men *R. N. Thin and D. M. Smith* (Gt Britain) 161

Changing pattern of male homosexual registrations in a venereal disease clinic, 1964–1974 *K. J. N. Bavidge* (Gt Britain) 165

Pharyngeal gonorrhoea in homosexuals *M. Shahidullah* (Gt Britain) 168

The goat mammary gland as a model infection site for *Neisseria gonorrhoeae* *A. E. Pasieka, F. Ota, A. Ryan, F. E. Ashton, R. Wallace, C. Perusse, and B. B. Diena* (Canada) 170

Rapid carbohydrate utilization test for the identification of *Neisseria gonorrhoeae* *H. Young, I. C. Paterson, and D. R. McDonald* (Gt Britain) 172

Influence of copper salts on gonococci *G. Johannisson, A. Karamustafa, and J.-E. Brorson* (Sweden) 176

Gonococcal salpingitis in gynaecology—Myth or missed? *P. A. Sparks, and A. J. Davies* (Gt Britain) 178

Meningococcal salpingitis *F. E. Willmott* (Gt Britain) 182

Single oral dose of 1.5 g talampicillin in the treatment of gonorrhoea *R. R. Willcox* (Gt Britain) 184

Value of the indirect immunofluorescence test in the diagnosis of vaginal candidiasis *D. W. Warnock and A. L. Hilton* (Gt Britain) 187

Donovanosis in Papua New Guinea *I. Maddocks, E. M. Anders, and E. Dennis* (Papua New Guinea) 190

Prostitution in Sheffield *E. B. Turner and R. S. Morton* (Gt Britain) 197

Bony symptoms in secondary syphilis *M. A. Waugh* (Gt Britain) 204

Early stages of yaws in a 2-year-old African girl *G. Elste* (East Germany) 206

Correspondence 208

Book review 209

Obituary 210

Abstracts 212

AUGUST 1976 Vol 52 No 4

IgM-FTA test in syphilis in adults. Its relation to clinical findings
A. E. Wilkinson and P. Rodin (Gt Britain) 219

Reactivity of lymphocytes from patients with syphilis towards *T. pallidum* antigen in the leucocyte migration and lymphocyte transformation tests
E. From, K. Thestrup-Pedersen, and H. Thulin (Denmark) 224

Ultrastructure of gonococci in acute, chronic, and asymptomatic gonorrhoea
N. M. Ovčinnikov, V. V. Delektorskij, and G. A. Dmitriev (USSR) 230

Autolysis of *N. gonorrhoeae*. Relation between mechanical stability and viability
T. Elmros, G. Sandström, and L. Burman (Sweden) 246

Improved transport and culture system for the rapid diagnosis of gonorrhoea
A. E. Jephcott, M. N. Bhattacharyya, and D. H. Jackson (Gt Britain) 250

Penicillin sensitivity of gonococci. An evaluation of monitoring as an index of epidemiological control
D. H. Jackson and A. E. Jephcott (Gt Britain) 253

Simplified method for the cultural diagnosis of gonorrhoea
R. R. Willcox and J. John (Gt Britain) 256

Increased serum immunoglobulin E concentrations in venereal diseases
R. L. Green, R. W. Scales, and S. J. Kraus (USA) 247

Animal model studies of genital chlamydial infections
L. V. Howard, M. P. O'Leary, and R. L. Nichols (USA) 261

Distribution of eight serotypes of *Ureaplasma urealyticum* in cases of non-gonococcal urethritis, and of gonorrhoea, and in healthy persons
P. Piot (Belgium) 266

Non-specific urethritis: A placebo-controlled trial of minocycline in conjunction with laboratory investigations
M. J. Prentice, D. Taylor-Robinson, and G. W. Csonka (Gt Britain) 269

Treatment of trichomoniasis in females with and without gonorrhoea
G. Eriksson and L. Wanger (Sweden) 276

Book review 279

Abstracts 280

OCTOBER 1976 Vol 52 No 5

Editorial 287

The Harrison Lecture, 1976
T. B. Turner (USA) 288

Baghdad—Frontier city of medicine
R. D. Catterall (Gt Britain) 293

A new look at the serology of treponemal disease
P. O'Neill (Gt Britain) 296

Immunity in syphilis
H. T. Al-Samarrai and W. G. Henderson (Gt Britain) 300

The erythrocyte sedimentation rate in syphilis
W. Fowler (Gt Britain) 309

The enigma of the pathogenesis of the Jarisch-Herxheimer reaction
I. K. Aronson and K. Soltani (USA) 313

Effects of laboratory maintenance on the nature of surface reactive antigens of *N. gonorrhoeae*
R. J. Arko, J. C. Bullard, and W. P. Duncan (USA) 316

Diagnosis of gonorrhoea in women
D. Barlow, K. Nayyar, I. Phillips, and J. Barrow (Gt Britain) 326

Activity *in vitro* of ten antimicrobial agents against *N. gonorrhoeae*
A. Meheus, P. Piot, S. Pattyn, E. van Dyck, and D. van den Berghe (Belgium) 329

OCTOBER 1976 *continued*

Gonorrhoea in women and exposure to risk
J. Yarnell and R. Samways (Gt Britain) 333

Prolonged eradication of urogenital mycoplasmas after administration of tetracycline to men in the Antarctic
A. D. Macleod, P. M. Furr, and D. Taylor-Robinson (Gt Britain) 337

Non-gonococcal urethritis due to T-mycoplasma (*Ureaplasma urealyticum*) serotype 2 in a conjugal sexual partnership
D. K. Ford and E. Henderson (Canada) 341

Drug misuse in a special clinic patient population in Glasgow
S. Bindemann, B. W. P. Wells, F. Fish, and C. B. S. Schofield (Gt Britain) 343

Shigellosis
L. M. Drusin, G. Genvert, B. Topf-Olstein, and E. Levy-Zombek (USA) 348

Report of the Chief Medical Officer for 1974 351

Correspondence 355

Editorial 365

Syphilitic aortic regurgitation. An appraisal of surgical treatment
W. Grabau, R. Emanuel, D. Ross, J. Parker, and M. Hegde (Gt Britain) 366

Serum and secretory antibody responses to *Neisseria gonorrhoeae* in patients with gonococcal infections
P. Tapchaisri and S. Sirisinha (Thailand) 374

Prolonged survival of *Neisseria gonorrhoeae* in a new liquid medium
S. Hafiz and M. G. McEntegart (Gt Britain) 381

Prevalence of multiple antibiotic resistance in *Neisseria gonorrhoeae*
D. J. Platt (Gt Britain) 384

Gonococcal urethral stricture and watering-can perineum
A. O. Osoba and O. Alausa (Nigeria) 387

Gonorrhoea in patients with scabies
A. O. Nielsen, L. Secher, and K. Seier (Denmark) 394

Isolation of *Chlamydia trachomatis* from women attending a clinic for sexually transmitted diseases
K. C. Nayyar, J. J. O'Neill, M. H. Hambling, and M. A. Waugh (Gt Britain) 396

Lymphographic studies in acute lymphogranuloma venereum infection
A. O. Osoba and C. A. Beetlestone (Nigeria) 399

Sensitivity of *Trichomonas vaginalis* to metronidazole, tinidazole, and nifuratel *in vitro*
B. Korner and H. K. Jensen (Denmark) 404

Lymphocoele and localized lymphoedema of the penis
A. McMillan (Gt Britain) 409

Some aspects of sexually transmitted disease in Swaziland
P. Burney (Gt Britain) 412

Polymyositis with biological false-positive serological test for syphilis
R. A. Frayha (Lebanon) 415
